WHOLE WORLD OF SPORTS COVERED FOR THE BOSTON AMERICAN BY ITS CORPS OF EXPERTS

COLENS REEDED TO PLAY NEW GAMES TODAY

CY YOUNG AND WINTERS SLATED FOR WORK ON THE FIRING LINE.

By Boston American Staff Correspondent with the Team.

NEW ORLEANS, April 3. Jimmy Collins' Boston American baseball team will tie up with the New Orleans team for the first game of a series of four today.

The Boston manager says that he will not let Cy Young and George Winter in the starting for the Boston team. Both of these pitchers are in grand shape considering the time of year. The veteran says that he would be ready to go in and pitch an entire game against the Giants tomorrow if need be. On the other hand the little spit ball artist, Winters, says he has demonstrated in one of the "snore" games here, in the condition.

It is expected that the Pelicans will be able to give the Boston team the kind of a game they are looking for, as they have been leading for six weeks now, and are in top-notch form.

Practice Has Done Team World of Good.

The practice this week has been doing the California's world of good. There is not a man on the team who has not got the help of the local outfit. Every body has lost weight since coming here, and Jimmy Collins declares that if the Boston's regulars could get the same kind of a season as the California's, they would be better than any other team in the country.

A favorite story yesterday was Jimmy Collins' record of his sweater for the first time after the team has been in the South.

The Boston players are fast running into shape. Dinning is probably the man who has the most experience both in the pitching circle, and "straw" Bill says that at the end of the week he will be at his best looking weight.

The Regulars and Pelicans had a great time of it yesterday afternoon, when they played eleven innings to a 6 to 4. The game was called off, because the thought it would be advisable to give Jimmy Collins a rest as he had pitched the whole game for the California's.

Gibson Had First Real Workout.

Sherman Gibson pitched his first real workout. He pitched for six innings and was relieved by Ed Hughes, who also did well. Gibson had one real hot inning. It came in the first, when the Yankees bunched their hits.

Today was his last in only one inning the second when the Regulars bunched their hits for the first time, a double and a triple which produced four runs for the team, under the command of Manager Collins.

The Yankees opened hard on Gibson, two singles, a double and three runs, which were made. Gibson's first real workout in pitching was in the first inning of the game, in the first half of the second, the Regulars tied up the game.

Nip and Tuck After the Second.

It was nip and tuck after the second. In the sixth George Winter saved the back of his team when he knocked out the only home of the game, scoring Tanny ahead of him. The score was now even, and it remained so until Manager Collins called off hostilities.

The Yankees would have won in a walk yesterday, which would have been their only victory in three games, but for the superb pitching of Giant Marsh on the first kick. He was very hot on grandstands and tavern bells. After he had been a week. The better the other players get the better does the whole game appear.

George Winter was the star of the day with his little hit.

BOSTON BOYS USE BIG BOOTS NORFOLK TEAM TURN TUBES TO DAY

By Boston American Staff Correspondent with the Team.

SAN FRANCISCO, April 3. The nation's amateur boxing tournament, which opened at Mechanics' Pavilion last night before the first round, will continue tonight and tomorrow night.

Thomas F. Hawson, of Boston, defeated Dave Campbell, unstarred, in the 115-pound class. The winner put it all over his opponent, and he was writing on the floor in the first and second rounds, and before the third round he was on his feet before the first he could do any more damage.

C. F. McGowan, another Irish boy, fighting under the colors of the B. A. A., was dropped to the floor by Frank Edwards, of the B. A. A., in the first round. Edwards is a son of New York.

Harvey, unstarred, in the 145-pound class, of the B. A. A., was dropped to the floor by Winder A. C. in the second round, at the end of the first.

ORMOND SPEED KINGS MAY LOSE RECORDS, BG ALL CROW

NEW YORK, April 3. The first meeting of the new racing board of the American Automobile Association today will be a very one. What promises to be a first-class international race over the records.

As a matter of fact, it is the first really international automobile race in the world. The racing rules of the American Automobile Association in 1905, which were made for the purpose of a differential.

The American racing rules, which were made for the purpose of a differential, were made for the purpose of a differential, were made for the purpose of a differential.

Some three score athletes, who for the past six months have been putting in some hard work in preparation for the great annual Marathon race, to be held under the auspices of the Boston Athletic Association on April 19th, are busy engaged at present in training down to the point.

The event will be the tenth held by the B. A. A. The race was brought into this country in 1897 by John Graham, after he had been in Athens, Greece, where Arthur Blake, an American, from the city, secured himself a formidable rival in the Greek champion, Panagiotis.

So far, every one of the athletes has been given a chance to show his stuff. The B. A. A. has been very successful in its efforts to get the best of the world's athletes to come to the United States to compete in the Marathon race.

NUCLEUS OF VETERANS AND PROMISING MEN MAKE HARVARD STRONG IN RUNNERS

From this point on, May 20, Harvard track athletes will conduct the most extensive campaign ever waged by a Crimson track team, for during that time the Harvard team will be competing in the annual American Athletic Union meet in New York.

The first of these meets will be the annual American Athletic Union meet in New York, which will be held on May 20th. The Harvard team will be competing in the annual American Athletic Union meet in New York, which will be held on May 20th.

CHICK TUCKER BEAT DONOHUE BY KNOCKOUT

NEW YORK, April 3. Young Donohue of Boston and Chick Tucker of this city were the principals in the winning at the Metropolitan Athletic Club, Tuesday night, in a boxing match which was a real knockout.

Chick Tucker, a local boy, boxed Donohue in the star bout of the night. Tucker, a local boy, boxed Donohue in the star bout of the night. Tucker, a local boy, boxed Donohue in the star bout of the night.

LEAVES FOR NAPLES

LONDON, April 3. James E. Sullivan, secretary of the Amateur Athletic Union, who is representing the United States at the Olympic games, which open at Athens, Tuesday, April 22, left London yesterday to join the American athletes, who are expected to arrive at Naples about April 17.

Over Dozen Entries Already Received For B. A. A. MARATHON RUN

From training hospitals, and will be ready for the week.

Probably the most interesting entry received so far is that of Peter W. Jones of Marlboro. Mr. Jones is a forty-eight year old man, and has been a member of the B. A. A. for many years. He has been training intensely for the event, and will be ready to start on April 19th.

Four States and three countries were represented last year. Forty-three of the contestants lived in Boston and Cambridge.

HARVARD'S FIRST GAME IS SLOW

Harvard won its first ball game last night at holders' field, 4 to 4. The game was very slow at times. The visiting team did not run up to the fourth inning.

The Crimson took advantage of the second and third innings, and scored runs in the fourth and fifth innings. The visiting team did not run up to the fourth inning.

Health Talks To Men

Number 2

It is Not "The Pace" That Kills

More men die in their graves from worry than from disease. The cause of this is the nervous system, which is the controlling cause. It is worry which weakens the powers of resistance.

There is no reason why a man should pass a lifetime in weakness as a result of ignorance or indifference. Because he "burns the candle at both ends," he should not be denied restoration to health and vigor. Don't let any one frighten you into the belief that you are incurable. That very consciousness will enable you more than the condition.

If you will call at my office I may be able to take the lead of your mind and explain how you can be cured—cured, to stay.
